

A progressive and growing M/E/P Engineering firm is looking for the right people to join our team.

We are currently seeking Mechanical Engineers with 5+ years of experience and Electrical Engineers with 2-8 years of experience for multiple positions. These positions include office and field work.

- BSME Required
- PE/LEED experience/accreditation desirable
- EIT is required
- Qualified Mechanical candidates will possess a strong knowledge of sustainable mechanical systems
- Qualified Electrical candidates will possess a strong knowledge of electrical systems design including lighting and power distribution systems
- CADD proficiency and Revit are a must

These are full-time positions. Compensation package includes health insurance, dental insurance, 401k, paid personal time off (PTO) and paid company holidays.

Please submit your resume, along with a list of representative projects and salary requirements to: resumes@mdpeg.com
