# HVAC on Tap

Educational Series

The Rocky Mountain ASHRAE YEA committee has organized a HVAC educational series of events for young engineers to enjoy a night of free education, dinner and networking. The educational programs are aimed to focus on basic fundamentals of HVAC design to help reinforce young engineers' design skills. The presentations will last about an hour while attendees enjoy dinner and there will be time for questions and discussions before and after the presentation. Information for the program is below:

## HVAC on Tap - Program #3 Control Valve Authority

Hydronic Balancing Specialist for Victaulic, Jeremy Smallwood, will be presenting the importance of Control Valve Authority. The first half of the presentation will focus on how we define control valve authority, and how we can calculate control valve authority. The second half of the presentation will include products from Tour and Anderson that can improve or ensure we achieve proper control valve authority in any system design.

When: Wednesday, September 24<sup>th</sup> at 6:00pm.

Where: Breckenridge Brewery  
2220 Blake St. Denver, CO 80205

*Thank you to Victaulic for  
Sponsoring the HVAC on Tap program:*

Please RSVP by September 22<sup>nd</sup> to [YEA@RockyMtnASHRAE.com](mailto:YEA@RockyMtnASHRAE.com) to reserve a spot. Please email with any questions in regards to this event or if you would be interested in sponsoring the next program for the educational series.
